# “Capacity Building & Skill Enhancement Program- Language & Communication Skills Program”

## Communication Skills in Architectural Profession

Fatema Master is an architect and an illustrator. After completing her Bachelor of Architecture from Rizvi college of Architecture, Mumbai and Masters in Theory and Design from CEPT University, Ahmedabad, she co-founded her design studio - ThirtySquare. She is the recipient of the Achyut Kanvinde gold medal for overall performance from her alma mater, CEPT University, Ahmedabad. Her practice revolves around minimalist and sustainable design. Fatema is also an active illustrator; she shares her work on the BlueInk blog. The BlueInk was initiated in 2012, with an idea to simply document her travels through illustrations. The BlueInk blog is Fatema's essays without words, where her day to day life adventures and unorthodox travel memories are translated into BlueInked drawings.
